

OVERVIEW

Getting qualified validates who you are in the eyes of your clients, regulators and government. The core units in this entry-level qualification provides relevant industry skills and knowledge, including servicing and maintaining all aspects of existing swimming pools and spas, as well as workplace health and safety. The remaining electives are based on the specific requirements of the workplace, providing employability skills within the pool and spa industry.

This qualification is the current licensing pathway for all swimming pool and spa repairs and service technicians in NSW, as required by the NSW Department of Fair Trading.

UNITS OF COMPETENCE

This qualification requires the completion of 18 units of competence made up of 12 core units plus 6 elective units.

SPASA recommends the following combination of units to meet the required training and employability outcomes:

Core Units:
